WHY WIZDOM?

For the business Wizdom provides a top-rated and evergreen intranet product with 50+ webparts that empowers the entire organization and increases agility to support new business requirements no matter if you are a SMB or a full-scale enterprise.

For the user Wizdom is like a great friend at work, helping with relevant, user-centric information that gives employees quick access to all the information they need to communicate, collaborate and work more optimally across departments, culture and borders.

For the digital workplace and intranet project Wizdom is developed on a comprehensive set of best practice pre-build features that minimize complexity and risk for your digital transformation strategies while at the same time reducing maintenance costs and ensuring compliancy with all Microsoft updates.

ABOUT WIZDOM

Building and delivering state-of-the-art digital workplaces is the lifeblood of what we do. Our top-rated intranet product offers components to build and brand a digital workplace on top of Microsoft's SharePoint and Office 365, empowering over 300 digital workplaces around the globe.

Wizdom is headquartered in Copenhagen, Denmark and deliver its product range all over the world through partners.
